

The Graphix centre channel delivers precise timbral matching to the Krix Acoustix Mk2 main speakers. Working together, the speakers produce a seamless, dynamic and acoustically intricate multi-channel surround experience.

Dual 130mm bass/mid-range drivers, each with heavy-duty voice coils and a high powered magnet assembly, combine to deliver a powerful bass response. Highs are provided by a 26mm high frequency driver, with a wave-guide centre plug for controlled directivity and improved intelligibility and transparency.

A compact centre, also perfectly matched to any of the Krix main speaker range, the Graphix Mk2 gives you the ultimate flexibility to choose a home theatre system that suits your room. Thanks to its dual front firing vents, the Graphix can be placed inside cabinets and AV furniture, eliminating any 'boomy' bass resonance.

For the ultimate sound experience at home, play it through Krix.

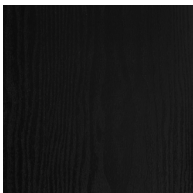

FEATURES

- Clear and natural dialogue
- Experience full dynamic range
- Extended bass response

Graphix Mk2	
Frequency Range	45Hz - 40kHz (in room response)
Power Handling	20 – 160 Watts RMS recommended amplifier power
Sensitivity	89 dB (2.83V / 1m)
Impedance	Nominal 6 Ohms (Minimum 4.3 Ohms)
Configuration	D-Appolito, 2-way
Low Frequency Driver	Fibre reinforced moulded polymer baskets with 2 x nominal 130mm (5") doped paper cones.
High Frequency Driver	25mm (1") voice coil wound on high powered aluminium former, with vented magnet assembly
Enclosure Type	Bass reflex with internal X bracing
Vent Location	Rear
Input Terminals	Dual binding post
Dimensions	450 mm high x 180 mm wide x 300 mm deep
Net Weight	10 kg
